

Welcome to The Crescent Model Higher Secondary School. The journey of Crescent Model School started in 1968 with a small group of leading educationists with big dreams of providing affordable education to the young generations of Pakistan. A handful of students has now turned into a student body of 7600, one of the largest not for profit schools in Pakistan which is no less than a miracle. With a rich history exceeding fifty years, the Crescent Model Higher Secondary School has maintained its glorious tradition of providing quality education, trained staff and merit based and need blind admission policy. We strive to provide quality education for the next generations and enlighten our students intellectually, morally and spiritually during their years with us. And that is our vision for 2050.

Training Programs

The training facility is named after the great Principal Mr Sheikh Muin-ud-Din (1971-1986), who was chiefly responsible for raising standards of excellence in the Crescent. It is planned for adult professionals with flexible and technologically-advanced learning environments that are safe, healthy, comfortable, aesthetically-pleasing, and accessible.

Technology Center

Junior, Senior, Cambridge and College Sections both in Boys and Girls campuses have computer labs furnished with latest laptops and other IT equipment which are regularly used by all the students during their IT classes.

Library

A Library is a collection of sources of information and similar resources. The Crescent library has a huge stock of books almost on all subjects. Well stocked libraries are frequently fed with new literature according to the age appropriate levels of our students.

ABOUT US

THE CRESCENT SCHOOL > ABOUT US

Welcome To The Crescent School

The School started functioning in April, 1968 with thirty five students in a few class rooms.

Since then, the school has expanded on over twelve acres of land in Shadman Colony, in the heart of Lahore. The school is functioning at its present location since 1970 with a capacity of 4700 students from Class I to XII and Aâ€™™ Level.

There is a separate Girls Section catering to the needs of 1400 Girl students. The campus consists of well designed class rooms, Science and Computer Laboratories, Libraries, Auditoriums, Swimming pool, Gymnasium and ample playing fields.

Founders of Crescent Group Mian Fazl Karim, Mian Muhammad Amin, Mian Muhammad Shafi and Mian Muhammad Bashir considered corporate social responsibility as a corner stone of their business policy. They believed that without providing quality education at a reasonable cost to less privileged children, Pakistan cannot progress.

Prominent personalities like Dr. Amir-ud-Din, Chief Justice Yaqub Ali Khan, Dr. Mubashir Hassan and Mr. Majid Nizami played a leading role along with Mian Muhammad Amin to establish Crescent Model Higher Secondary School in Lahore.

Presently the school is undergoing a comprehensive modernization program including up gradation of Laboratories, Libraries, Information technology facilities and provision of new generators to ensure uninterrupted power supply.

Crescent Model School has a distinguished track record of forty six years and Crescent Group has earmarked sufficient funds for up gradation of school facilities to ensure that it remains the best school and continues to provide quality education to our students over the next several decades.
