

ABOUT FGS

Falconhouse Grammar School, established in 1984 in Karachi, is now a chain of schools with 12 campuses in Karachi, and others located in Hyderabad and Multan as well. This is our 34th year of Academic Excellence. We are affiliated with University of Cambridge, London and Board of Secondary Education too. Falconhouse is also running its own Academy of Montessori Teachers' Training, under the shadow of International Montessori council, USA. Most of our students opt to take the international GCE O and AS/A Level examinations organized by the CIE of UCLES. We have approximately 6000+ students studying in Falconhouse Grammar School. Also, more than 3000 families are registered on our social networking pages and website. Falconhouse Grammar School (abbreviated as FGS) is one of the largest private English medium school systems in Pakistan established in 1984. It offers preschool, primary education, secondary education and preparation for local SSC and the international GCE. FGS has earned its outstanding reputation through its students' successes, its rigorous educational programs and its excellent and dedicated staff. It also promotes and encourages co-curricular activities in all of its campuses.

MESSAGE BY M. AHMAR REHMAN (C.E.O)

Dear All,

Assalam-o-Alaikum!

It gives me great pleasure to welcome you to our website. Over the years, we have built a tradition of excellence at Falconhouse Grammar School. We take pride in being a school where every student can find an avenue for success and in being a community where everyone in the FGS family strives to find the best in themselves and others.

I strongly believe that we all have to be on the same page; students, teachers and parents have to understand that education is not restricted to the lessons and subjects taught in the classrooms. It is beyond the barriers of a room. Parents and teachers must encourage students to ask as many questions as they come into their minds for nonstop learning.

The thirst of knowledge should never be stopped, teachers and parents must keep their learning continue by reading and getting information by keeping an eye on the needs of the student. And must motivate students to develop these habits become a lifelong learner.

Our strong core academic programs as well as outstanding elective programs help the students in visualizing their future. We have strong academic interventions to help, council and support our students in achieving their objectives. In addition to our highly competitive academic programs, our co-curricular activities including athletics and performing arts program, are second to none. We are proud to be a comprehensive schooling system where every student has an opportunity to pursue his area of interest and excel in it. We have a kind, caring, highly-qualified staff who truly believes that each of our students can and will succeed.

Beyond the classroom, FGS offers its students many opportunities to reach the highest level of attainment and performance. Our students regularly participates in wide range of competitive and recreational sports events. Creativity and imagination make children grow up to be dynamic adults who then arrive as citizens of the world prepared to make their own great impact to mankind.

"Imagination is more important than knowledge. For knowledge is limited we all now know and understand, while imagination embraces the entire world, and all there ever will be to know and understand." - Albert Einstein

I once again welcome you and encourage you to explore the website and discover more about Falconhouse Grammar School.
