

WELCOME TO HAPPY PALACE GROUP OF SCHOOLS

Happy Palace Group of Schools were established towards the end of the twentieth century (1982). With a rich history of thirty years (30 years), the School leads as a symbol of educational aspiration for students with a special purpose of providing quality education at an affordable price. At a time, when government allocation and spending was minimal on the education sector, HPGS established itself as one of the leading education providers in the city.

The first branch of HPGS opened in FB Area, a central location in Karachi, with a vision of providing quality education. Since then, the School system has established firmly in this region, and has further diversified in areas such as Gulshan-e-Iqbal and North Nazimabad.

HPGS System is indebted to its founding members, who are still committed to play a role in the ongoing process of social enlightenment of this nation's youth. The founding members are committed to produce socially responsible graduates who would prove to be open minded, religiously enlightened and successful citizens of Pakistan.

The HPGS System is build on an everlasting notion, "Enter to learn, go forth to serve the Nation". Today, when the nation requires bright and talented individuals to carry its torch of success, Happy Palace Group of Schools is providing just the raw material required for the development. We at HPGS believe that only "Hard work and Perseverance Guarantee Success."

With this vision, we call on young individuals, committed professional teachers, dedicated staff, precious Alumnus, and friends to make this nation stand once again!

About HPGS

Happy Palace Grammar School established in the year 1982 as a symbol of educational aspiration for the students with a special purpose of providing quality education at an affordable price.

PLAY GROUP

Our Play Group Programmes at Happy Palace Schools, give children ages 15 months to 24 months a loving, nurturing and secure environment. In order for a toddler to feel comfortable enough to explore and learn, a trusting relationship must exist between the child and their teacher. Before a child is able to form this relationship with his teacher, he must first be able to trust himself. The process of developing self-esteem begins very early in life. Our teachers demonstrate to our toddlers that they are trustworthy individuals. Children in our care are comforted, provided with unconditional love and are assured that they will be protected and kept safe.

MONTESSORI

The Montessori curriculum of Happy Palace Grammar School concentrates on five areas of critical learning and development language, math, cultural, practical life skills and sensorial. Children's knowledge of the core areas builds each year and by the time they reach the end of kindergarten they reach have a firm understanding of the material.

KINDERGARTEN

We offer early childhood education system to children ranging from the ages one to seven in the form of Play Group and Kindergarten. Especially designed environments are built at HPGS, together with approved curriculum to enhance the vocabulary and language skills of children so that they learn how to communicate, play and interact with others appropriately.

The term Pre-Primary or Early Childhood Education refers to the education of the preschooler that is the child in the age range of 3 to 6 years. In the context of the HPGS School, this includes children attending Montessori and Kindergarten.

PRIMARY

Established in 1982, HPGS is an "Outstanding School" which prides itself on providing an excellent, broad and balanced curriculum and ensuring high standards in the core subject areas of Reading, Writing and Math. In our relentless drive for excellence, our aim is that all pupils should develop as excellent learners, have excellent social and emotional skills and fulfill their potential

Our children have positive attitudes to learning, high standards of behavior and excellent attainment across the curriculum. The school has supportive parents and inspiring, skilled teachers and excellent support staff. Students are provided with appropriate academic challenges and the breadth and quality of education beyond the core subjects is outstanding. We employ specialist teachers in recognition of the high quality of the work across these areas of the curriculum. ICT is also integrated throughout the curriculum.

sports

The importance of sports and games in school encompasses more than just the benefit of physical activity. It increases self-esteem and mental alertness making school sports and games necessary for every school age child. Sports teaches students the value of humility. Competitions teach them how to accept win or defeat and how to start anew.

----- PIC 2 -----

We at HPGS provide both indoor and outdoor sporting activities for our children of every age. Sports at HPGS include:

- 1) Cricket
- 2) Football
- 3) Table Tennis
- 4) Throw Ball
- 5) Badminton

LIBRARY

"A library media center is an organized collection of printed and/or audiovisual and/or computer resources which is administered as a unit, is located in a designated place or places, and makes resources and services available to students, teachers, and administrators. A library media center may be called a school library, media center, resource center, information center, instructional materials center, learning resource center, or any other similar name."

ADMISSION

Registration dates and schedules: Parents are informed to register their students from 15th July - 15th August, between 8.30 am to 13.30 pm at any of their preferred location for August/September Session and from 15th March - 15th April, between 8.30 am to 13.30 pm at any of their preferred location for April/May Session.

Step 1:

Meet with the Assistant Director of Admissions at the reception of any of our locations. Depending on seat availability, a registration form will be given for each child. At this time parents must bring with them a copy of the child's birth certificate, passport size photograph and previous school reports. A complete registration form with the fee will be required to process the admission.

Step 2:

The admissions office will call to make an appointment for your child to visit our school and give entry level test.

Step 3:

Both parents and the child must attend the scheduled interview and testing, at which time they will be informed of when a decision will be given regarding their child. It is mandatory for parents/guardians to be present for the interview. The school reserves the right to reject any candidate if he or she does not fulfill the admission criterion.
