

## About Us

Metropolitan Academy, since its existence in 1967 has covered a long journey of excellence in a pragmatic way. The management is committed to serve the society with the motive to provide quality education to the wards of the marooned masses to alleviate the lengthening shadows of illiteracy in the society at compatible fee structure with the inhabitants income . The management has accelerated its momentum with a complete focus on quality, standard, and knowledge dissemination process. The Academy has developed distinctive culture which is intended to focus on the satisfaction of a child's social, physical and emotional needs and wants. Initially the Academy was grooming the Metric stream students but on the compelling and repeated requests of parents, a unique opportunity of imparting international level education (O' level) at the most affordable fee structure is also available.
