mrsazraMOTHERS OF OUR STUDENTS

"The hand that rocks the cradle rules the world."
Everyone has heard the great saying for mothers, but where is that hand? We can't see it anymore, either it is working in a factory or filing in an office. Now who shall rock the cradle?

Children need their mother to pat them in appreciation, comfort them when they are in distress, console them when they lose, tap them when they are going astray, pull them back when they are on the edge, wipe their tears, oil their hair, fry them eggs, butter their toast, roll their paratha, tickle when sad & beat them when they are bad. Let us be motherly mothers, spend time not only with them but for them too.

Dear parents,

To complete the triangle your co operation with us in helping your child in the upward journey is direly needed. Let's remind and revise the following certain rules is vital for our children.

What you can do and why

Ensure regular attendance of your ward for revision of past papers and Absence may cause disqualifying for further mock papers and examination in genuine sickness please write an application, send it with original prescription of physician you had taken your ward to.

Cell phone had been a nagging source of nuisance and hampering disciplinary system, do not let them bring or if they do, school shall confiscate.

General cleanliness, appropriate uniform including in case of boys vest and in case of girls slips, with polished black shoes, black belt, proper hair cut, in case of girls tied hair or braids, trimmed nails, coming before or 7:50 a.m;show parents' concern for their wards.

Discourage fizzy drinks and preserved packet food; send home made paratha and sandwiches with a pinch of love added to it naturally.

Your ward to us is a window to your home. We hope to see respect shown towards others and elders.

You also wish the same. Let's make this generation that the world should be proud of.

With high regards and even higher expectation.

Azra Anwar Ahmed (Mrs.)

About

ABOUT US

Vision Statement:

Beacon Light Academy aims to provide, in partnership with the parents, a quality education in an environment where every individual is cared for spiritually, morally, intellectually, physically, socially and emotionally, so that they can make their best contribution to society.

Beacon Light Academy is an O-Level School, recognized and registered as a participating institution for the International GCSE - Examination in accordance with Edexcel International Regulation (UK based).

The Academy is equipped with modern resources such as laboratories, libraries for different levels, and audio visual rooms. But prior to all those, the academy is proud of its dedicated and experienced teachers who guide and groom the students to face the challenges of the modern age academically and ethically.

We thank Almighty Allah for giving us Guidance and courage to groom our bright students so professionally and skillfully that they are showered with awards of A Graders, High Achievers and Top of the World Award Achievers, year after year. No doubt it is the result of deep devotion of our teachers whose ability, honesty and dedication fulfil our own aims and plans and objectives of our students and their parents.

The students of the Academy are prepared with the aim that they have to appear for the IGCSE exams in accordance with Edexcel International Regulation (UK based). Hence, the students of the academy in their final years appear only for IGCSE Exams. The Academy does not have any programme for its students to appear for any other type of exams through any other board.

The administrative offices and senior section of the Academy are located in a spacious building (E-24, Block 7, Gulshan-e-Iqbal, Karachi). Its other sections are housed in nearby buildings.

The Pre Primary Section (E-113 / 1, Block 7, Gulshan-e-Iqbal), comprises of the two pre primary levels, nursery and kindergarten. Its Junior Primary Section (E-49, Block 7, Gulshan-e-Iqbal) comprises of classes 1 and 2. Upto Class 2, yearly promotion is done on class performance and regular attendance.

The Primary Section (E-112, Block 7, Gulshan-e-Iqbal) comprises of classes 3, 4, 5 and 6.

Needless to say that these spacious premises provide a very healthy and homely atmosphere to tiny tots and young minds. It also helps the teachers to manage and coordinate the Academic and related activities in a very scientific manner and modern style. In each class, the number of students do not exceed 30, which touches the International Quality Standard.

We have full faith that buildings, howsoever magnificent these may be, are not the true source of joy by themselves; what makes these buildings an edifice of joy is the quality of education imparted and the sincerity of purpose visible here. We invite you to visit us to feel this pleasure.
